Select "**Page Tab**"
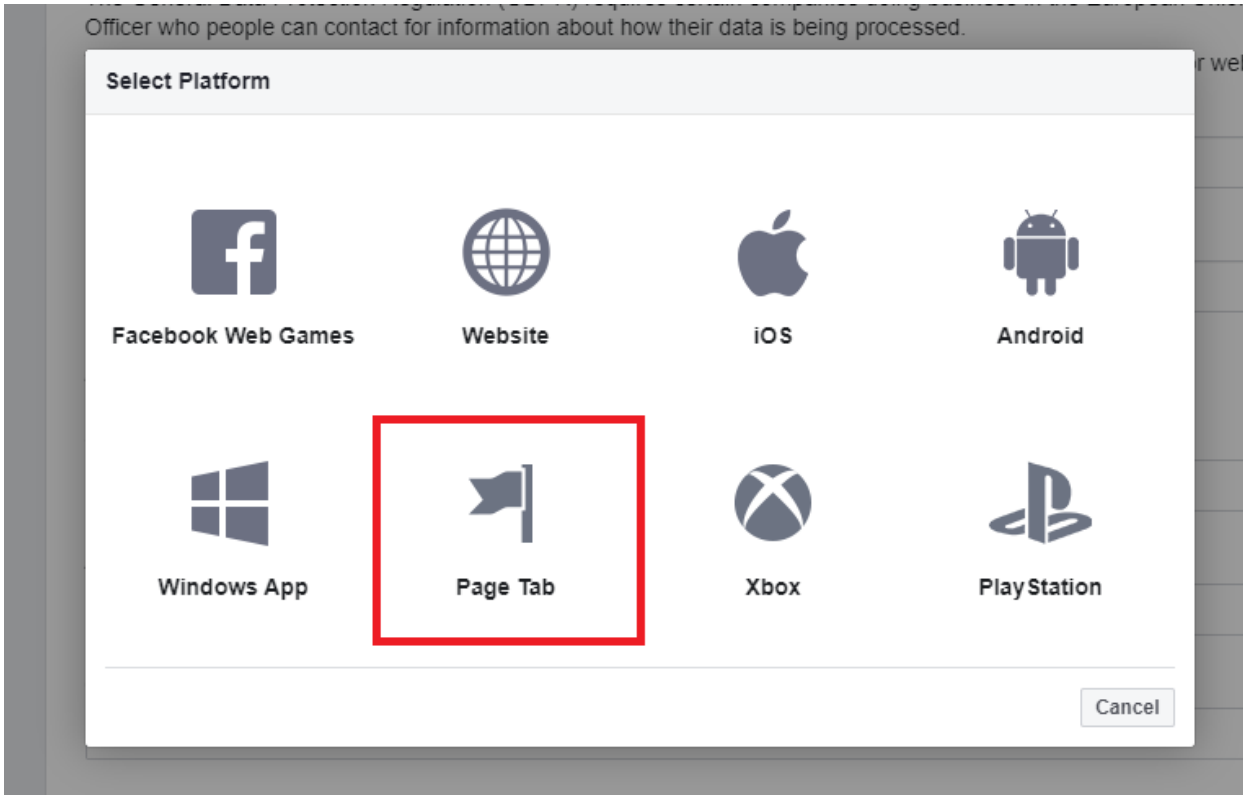

6. In a newly opened Page Tab area, enter the embed code for the Facebook (located in the channel settings page of Production Studio in your Strimm TV account) and then add a **Page Tab Name**.

   Click **SAVE CHANGES** once done.
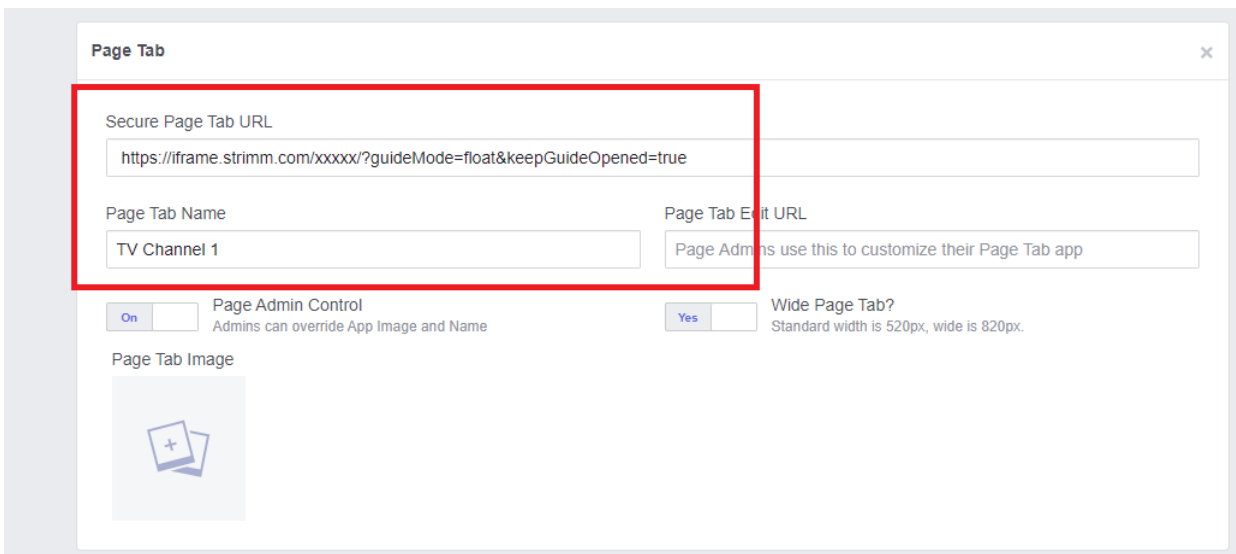

7. Next, create the following custom URL:

facebook.com/dialog/pagetab?app_id=YOUR_APP_ID&redirect_uri=SECURE_PAGE_TAB_URL

Make sure that there are no spaces in the URL and it is matches the pattern.

Change "**YOUR_APP_ID**" to your **developers.facebook.com** APP ID (a 15-digit number located in the top left corner on **developers.facebook.com console**)

Change **SECURE_PAGE_TAB_URL** to your Secure Page Tab URL link (see p. 6 above), which is your Strimm TV embed code for Facebook

Example:

https://www.facebook.com/dialog/pagetab?app_id=xxxxxxxxxx&redirect_uri=https://iframe.strimm.com/xxxxx/guideMode&keepGuideOpened=true

Once URL is created, follow this new link and open this page.

8. Select the Facebook page you want to add the channel to and click "**Add Page Tab**"
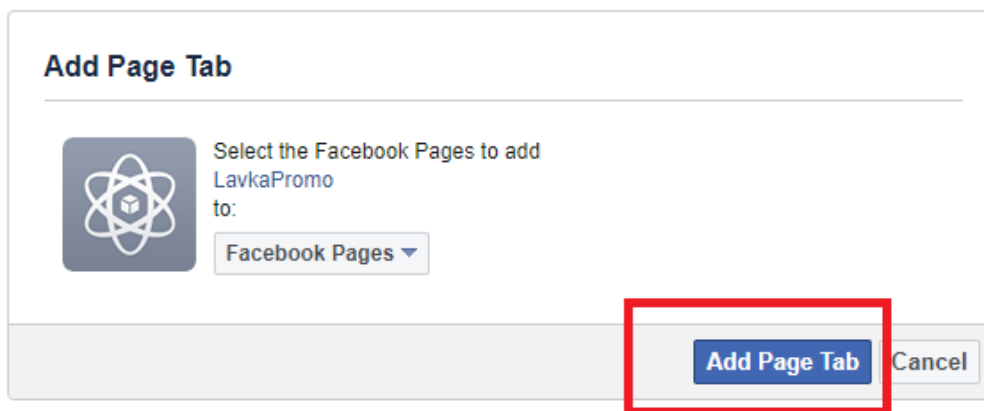

That's it! Your Strimm TV channel should be added to your Facebook page. You can control it or turn it OFF by going to the Facebook page **Settings**.

Tip: to avoid errors, we recommend having developers.facebook.com account under the same account as your Facebook page and to have it opened in the same browse
